  6. The Regulator may extend any of the time periods prescribed under these Regulations.

## **Complaints**

### **Procedure**

7. Subject to Regulation 8, the Regulator shall offer without charge a 'complaints handling' service to the public in cases where there is disagreement between a complainant and a Regulated Entity about whether the Editors' Code has been breached.
8. The Regulator may, but is not obliged to, consider complaints: (a) from any person who has been personally and directly affected by the alleged breach of the Editors' Code; or (b) where an alleged breach of the Editors' Code is significant and there is substantial public interest in the Regulator considering the complaint, from a representative group affected by the alleged breach; or (c) from a third party seeking

to correct a significant inaccuracy of published information. In the case of third party complaints the position of the party most closely involved should be taken into account. The Regulator may reject without further investigation complaints which show no prima facie breach of the Editors' Code and/or are without justification (such as an attempt to argue a point of opinion or to lobby) and/or vexatious and/or disproportionate.

9. The Regulator may, at its discretion, allow a complaint to be brought notwithstanding that legal proceedings (whether civil or criminal) may later be brought concerning the subject matter of the complaint.
10. Complaints shall include:
  - 10.1 a copy of the article in question, if there is one;
  - 10.2 a written outline of the concerns by reference to the Editors' Code; and
  - 10.3 any other documents which will help the Regulator to assess the complaint.
11. Complaints shall only be accepted within four months from the date of the conduct or first publication of the article complained of, save that if a complaint is received outside such four month period but within 12 months of the date of first publication of the article complained of, and relates to an article which remains accessible to the public on a Regulated Entity's website or on other electronic services operated by the Regulated Entity, the Regulator shall consider the complaint only if the Regulator considers that it is still possible for it to investigate and adjudicate fairly, having regard to the period of time since first publication.
12. Subject to Regulation 11, on receipt of a complaint, the Regulator shall review the complaint to ensure that (a) it falls within the Regulator's remit; and (b) discloses a possible breach of the Editors' Code. If the Regulator is not satisfied that the complaint should proceed, it shall write to the complainant to explain why and shall reject the complaint. A complainant can ask the Regulator to review any rejection decision, but must make this request within 7 days of receiving written confirmation of rejection. The Regulator may re-open the complaint following such review.
13. In the case of any complaint which is not rejected by the Regulator or which has been re-opened following a review, in each case pursuant to Regulation 12, the Regulator shall notify the Regulated Entity of the complaint. Consideration of such complaint by the Regulator will not begin until the earlier of: (i) the exhaustion of the Regulated Entity's internal complaints process; (ii) a request by the Regulated Entity for the Regulator to consider the complaint; or (iii) 28 days after the Regulated Entity has received notice of the complaint from the Regulator pursuant to this Regulation 13, unless the Regulator determines that its earlier involvement is essential.

#### *Mediation*

14. Subject to Regulation 13, the complaint shall be investigated by a complaints committee, acting under the delegated authority of the Regulator's Board, which shall be composed in accordance with Regulation 33 (the **Complaints Committee**).
15. The Complaints Committee may request the complainant to clarify aspects of its complaint, or to provide further information, before the Regulated Entity is contacted by the Complaints Committee about the complaint.

16. The Complaints Committee shall then write to the Regulated Entity with a copy of the complaint (and any supporting material and clarification) and a copy of the article (if there is one) about which complaint has been raised.
17. The Complaints Committee shall require the Regulated Entity to respond to the complaint within 7 days, or such longer period as is reasonable in the circumstances. A copy of any reply shall be sent to the complainant. If the complainant wishes to make any points in response, a copy will be provided to the Regulated Entity at least 14 days before the meeting of the Complaints Committee.
18. If it still appears that there may have been a breach of the Editors' Code, the Complaints Committee shall aim to find a satisfactory resolution to the complaint by facilitating mediation, including, if appropriate, by negotiating with a Regulated Entity to agree publication of a correction and/or an apology. If the complaint is resolved through this process the complaint shall be closed.

*Determination by the Complaints Committee*

19. If the complaint cannot be resolved by mediation, the Complaints Committee shall determine whether or not there has been a breach of the Editors' Code and shall notify the complainant and any relevant Regulated Entity of its decision.
20. If the Complaints Committee determines that there has not been a breach of the Editors' Code, the complaint shall be rejected.
21. If the Complaints Committee determines that the Editors' Code has been breached and there has been no request for a review of the decision within the time period set out in Regulation 25, the Complaints Committee shall issue an Adjudication outlining its findings which may include a requirement for the Regulated Entity to take remedial action.

*Remedial Action*

22. If a complaint is upheld by the Complaints Committee (whether or not after a review), remedial action shall, save as otherwise provided in this clause, consist of a requirement for the Regulated Entity to publish a correction and/or an Adjudication, unless the Complaints Committee at its discretion dispenses with such requirement. The nature, extent and placement of such corrections and Adjudications will be determined by the Regulator acting proportionately and taking into account the nature of the Regulated Entity and its Publications. The Regulator will notify the Regulated Entity and the complainant and take account of any comments before requiring publication of a correction or Adjudication. In cases where a Regulated Entity's arrangements for enforcing standards and compliance have been found to be at fault, the Regulator may inform the Regulated Entity in writing that further remedial action is required to ensure the requirements of the Editors' Code are met.
23. The power to impose remedial action shall apply equally to:
  - 23.1 individual breaches of the Editors' Code;
  - 23.2 groups of people as described in Regulation 8 where there is no single identifiable individual who has been affected; and
  - 23.3 matters of fact where there is no single identifiable individual who has been affected.

*Review*

24. A complainant may request that a decision made by the Complaints Committee in accordance with Regulation 19 be reviewed by a member of the Regulator's Board appointed by the Regulator in accordance with Regulation 35 (the **Complaints Reviewer**). Requests for a review by the Complaints Reviewer may be made only on the ground that the process by which the Complaints Committee's decision was made is substantially flawed.
25. A request for review by the Complaints Reviewer must be made in writing to the Regulator within 14 days of the relevant decision by the Complaints Committee and it shall be at the Regulator's discretion whether or not to refer the complaint to the Complaints Reviewer.
26. If the Regulator decides not to accept the request for review, it shall uphold the Complaints Committee's original decision and the Complaints Committee shall issue an Adjudication outlining its findings which may include a requirement for the Regulated Entity to take remedial action.
27. If the Regulator decides to accept the request for review (in whole or in part), it will refer the complaint to the Complaints Reviewer.
28. The Complaints Reviewer shall review the process by which the decision of the Complaints Committee was made. Following its review, the Complaints Reviewer shall refer back to the Complaints Committee within 14 days of receiving the request, stating whether or not it considers that the process by which the original decision of the Complaints Committee was made was substantially flawed. If the Complaints Reviewer considers that the process was substantially flawed, the Complaints Committee shall review its decision taking into account the Complaints Reviewer's findings.
29. Following review under Regulation 28, the Complaints Committee shall issue an Adjudication outlining its findings which may include a requirement for the Regulated Entity to take remedial action.

*General*

30. The Regulator's Board shall at all times remain responsible for, and shall have ultimate discretion in relation to, the decisions of the Complaints Committee.
31. Where a Regulated Entity and a complainant reach agreement regarding disposal of a complaint each shall notify the Regulator and, if applicable, the Complaints Committee within 14 days of such agreement and, subject to receipt of such notification, the Regulator or Complaints Committee, as the case may be, shall consider the complaint to be closed.
32. If a Regulated Entity offers a remedial measure to a complainant which the Regulator or, if applicable, the Complaints Committee considers to be a satisfactory resolution of the complaint, but such measure is rejected by the complainant, the Regulator or, if applicable, the Complaints Committee shall notify the complainant of the same and that, subject to fulfilment of the offer by the Regulated Entity, it considers the complaint to be closed and a summary of the outcome shall be published on the Regulator's website.

Composition of the Complaints Committee and appointment of the Complaints Reviewer

33. The Complaints Committee shall be a committee of 12 members appointed by the Regulator's Board in accordance with the Appointment Principles set out in the Regulator's Articles and shall comprise:

Before the Regulator's Board requires that a Standards Investigation is undertaken it shall write to each Regulated Entity which is likely to be the subject of the investigation, setting out the reasons why an investigation is thought necessary and the proposed remit and terms of reference of the investigation. 54. Requests for a review by the Regulator may be made only on the ground that the Investigation Panel's decision or the process by which it was made is substantially flawed.
55. Requests for a review should contain a full statement of the grounds for the review and should be sent to the Regulator within 14 days of the date of the Regulated Entity's receipt of the decision of the Investigation Panel. Evidence not previously submitted may be submitted with the statement together with an explanation as to why such evidence was not previously provided.
56. On receipt of the Regulated Entity's statement pursuant to Regulation 55, the Regulator shall evaluate the request for review, and may in its discretion consider any new evidence, and shall make a decision as to whether or not it shall accept the request.

59. The Review Panel shall review the information considered by the Investigation Panel and, in its discretion, any new evidence provided.
60. The Review Panel shall prepare a note of its review of the decision, and shall send it in draft to the Regulated Entity which has requested the review. The Regulated Entity will have 14 days in which to make any comments on the draft, including to correct inaccuracies and to inform the Review Panel if the Regulated Entity believes that the Review Panel has misunderstood anything, or reached incorrect conclusions. It is also open to the Regulated Entity to accept the Investigation Panel's finding.
61. Any comments received from the Regulated Entity shall be considered by the Review Panel. The Review Panel shall then reach a decision on its review and shall either confirm the original decision of the Investigation Panel or reach a different decision and shall notify the Regulated Entity concerned.
62. The Review Panel's decision shall be final and it shall inform the Regulator's Board of its decision so that the Regulator's Board may determine the appropriate sanction(s), if any, for the Regulated Entity concerned, taking into account the nature of the Regulated Entity and its Publication(s).

No fine or costs will be imposed unless the Regulated Entity has first been given the opportunity to attend a hearing at which the potential imposition of a fine or requirement to pay costs will be considered.
65. The Financial Sanctions Guidance shall be issued from time to time by the Regulatory Funding Company acting in consultation with the Regulator.
